LIVING ROOM/ DINING ROOM

This is the beating heart of your home. This is where the family spends time together. When designing this space, think of all the family members. What do you like to do together? What would you like to do more often? Maybe you could use a bigger table where everyone can sit round..? Or maybe a wide coffee table for family board-game sessions..? Make sure there's room on the couch for everyone. What about the dog? Okay, let's throw in a soft carpet.

ALAMEDA

Modern, simple and very impressive. Alameda will give a touch of class to modern interiors. The shiny white tone and the colour of natural wood wouldn't be so special were it not for the features that make the collection simply captivating - vertical handles and modern LED lighting just below the table tops.

CANNET

FEATURES AND FUNCTIONS

Traditional Cannet furniture shows a clear tendency towards modern designs. It blends in beautifully with contemporary accessories and is in green, which is trending this year; it is also typical, 1960's furniture like the coffee tables in the picture. Another charming feature are the semi-circular handles, which bring to mind a pharmacist's cabinet.

This expressive furniture will be no 'shrinking violet', but will play the lead rôle in your living room and is as exotic as the Arab fortress in Spain, which was the inspiration for the name of the collection. RAFLO

A return to nature in a very climatic style. Milled slats on the sides create a beautiful setting for the bodies in natural wood colour. The halogen lighting romantically illuminates the grooves inside the glass-door cabinets. Thanks to the front and side glazing, the pieces look particularly impressive, especially in the evening. You don't even need candles.

Having fun, learning, growing up. Imagine how many childhood memories these four walls have seen. When decorating a child's room, it is a good idea to choose one theme. Just as we have done here! A love for sea tales has been skilfully transferred into a girl's room. Thanks to the universal furniture pieces, the design can be easily changed!

INDIANA

Something for young travellers and adventurers. Indiana Jones' fans will feel comfortable in the delicate, white-toned version of the collection (canyon pine), while restless discoverers will probably throw their trophies into huge trunks and chests of drawers in sutter oak tones. Thanks to the metal frames they look like solid hiding places.

WORKSPACE

Whether it's a spacious office or one that is rather more "compact", you need a place where you can come with a cup of coffee in search of peace and inspiration. An oasis that does not distract you, but promotes concentration and where everything is in its place. Because an orderly space around you helps bring order to your mind. Time passes quickly when work is going smoothly. When did the coffee get cold? That's okay..! You'll be having another with the family after dinner..!

EXECUTIVE

FEATURES AND FUNCTIONS

This modern collection will captivate you, not only with its aesthetics, but also with its ingenuity. Look at that „thick“ shelf in the bookcase and at how cleverly it camouflages the drawer, which can hold your office supplies. You can combine two desks to make one corner desk by adding a triangular connector, which will further increase the surface area of the desktop.

PORI

FEATURES AND FUNCTIONS

There are many reasons why you will fall in love with this bedroom. The casual colour of white furniture and highlights in warm oak is subtle minimalism, pure and simple. Instead of bright, eye-catching colours, there is visual harmony here, broken only by the darker wall. After all, it's a place of peace and quiet.
