Evo system
apertura con maniglia

Evo system
opening mechanism with handle

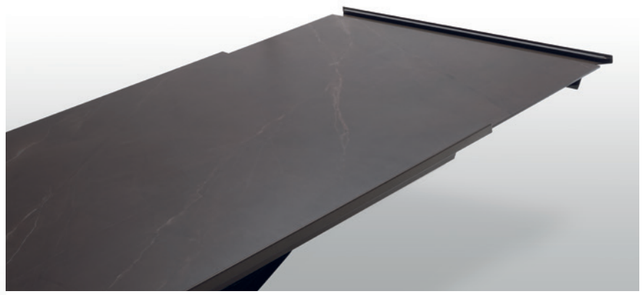

Le due allunghe laterali e tutto il meccanismo che permettere la loro apertura, sono all'interno di un elegante struttura che contiene tutto. Per allungare il tavolo basta tirare la maniglia dal lato del capotavola e, con due dita, alzare la prolunga: il meccanismo porterà automaticamente l'allunga in battuta con il piano e con il profilo. Un sistema innovativo di allunga che mette la funzionalità al primo posto senza rinunciare all'estetica.

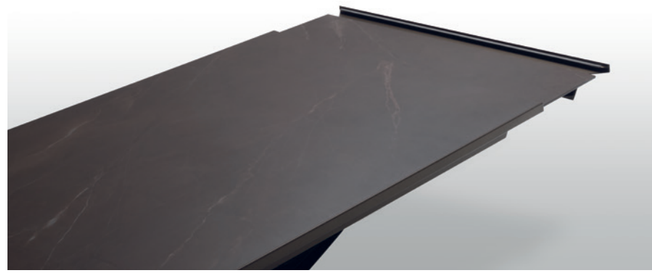

An elegant frame encloses two extension leaves, one at each end of the table, and the whole mechanism that pulls then out. To extend the table simply pull the handle at the head of the table and lift the extension leaf with two fingers: the mechanism will immediately lock the extension leaf into place so that it is flush with the table top and edge. This innovative table extension system focuses on functionality without detracting from aesthetics.

Up system
binario scorrevole e alzabile

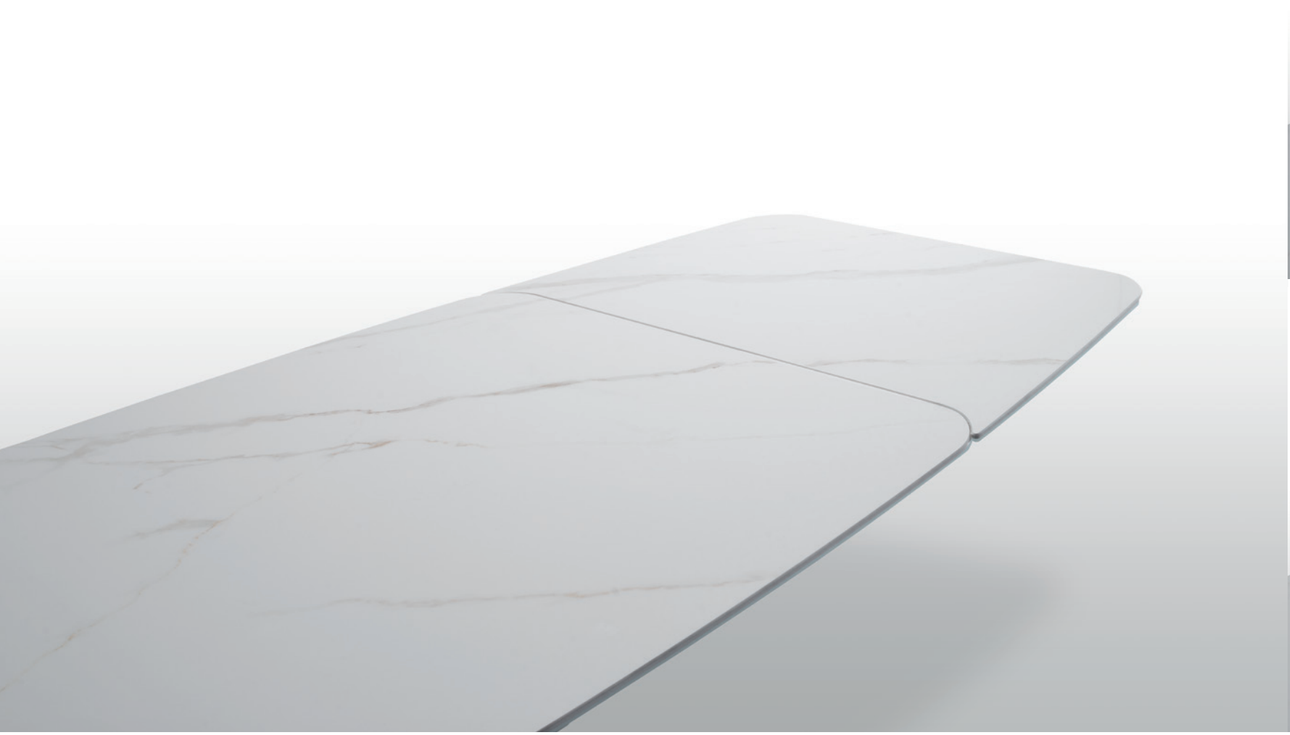

Up system
sliding, liftable track

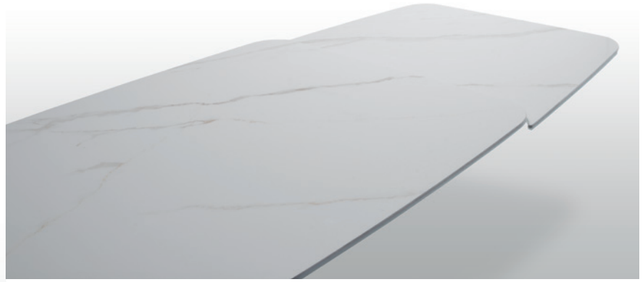

Due allunghe sono poste sotto il piano del tavolo, alle estremità di un binario scorrevole. Per allungare il tavolo è necessario far scorrere il binario verso l'esterno e alzarlo leggermente: in questo modo le allunghe escono e si posizionano a filo del piano principale. Un sistema molto pratico che permette di prolungare il tavolo senza rinunciare allo stile.

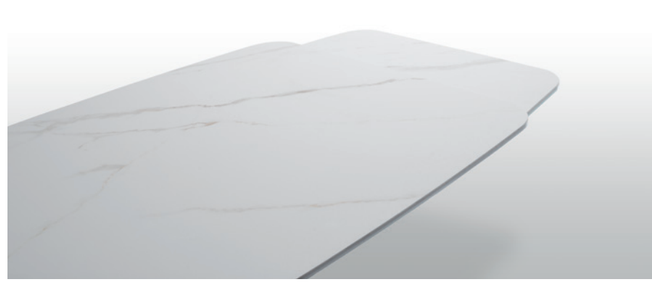

Two extension leaves are located under the table top at the ends of a sliding track.
To extend the table, simply slide the track out and lift it slightly: this releases the extensions, which lock into place flush with the main table top.
This highly practical system allows you to extend the table without compromising on style.

One system
staffe estraibili con allunghe esterne

One system
pull-out brackets with external extensions

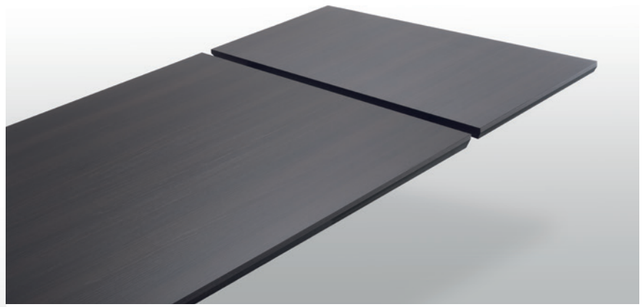

Due staffe per lato sono poste sotto il piano del tavolo e, all'occorrenza, escono con un movimento scorrevole. Le allunghe vengono appoggiate e agganciate sopra le guide ma, nel momento in cui non sono necessarie, vengono tolte per essere custodite in uno spazio a piacere, mentre le staffe rientrano. In pochi e semplici step, il tavolo aumenta di dimensioni e di stile.

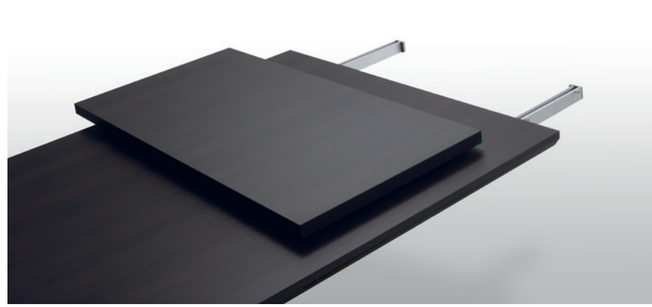

Two brackets are located on each end under the table top and can be slid out when required.
The extension leaves are designed to slot securely into place on top of the runners. When they are no longer needed, they can be removed and stored in your chosen location, while the brackets slide back in.
Give the size and style of your table a boost in just a few simple steps.

Cross system
apertura telescopica della struttura

Cross system
telescopic frame opening

Con questa tipologia di apertura, l'intera struttura si apre lateralmente con un movimento scorrevole e all'interno del tavolo si trovano le allunghe per completare il piano. Una volta estratte e posizionate sopra le guide, le allunghe permettono di estendere il tavolo in più misure, a seconda di quanti piani aggiuntivi sono disponibili. Un sistema molto flessibile, che permette di scegliere di quanto allungare il tavolo.

With this type of opening mechanism, the full table frame opens out sideways in a sliding motion. The extension leaves can be found inside, to complete the table top. Once extracted and positioned on top of the guides, the extension leaves can be used to extend the table to different sizes, depending on how many extension leaves are available. This flexible system allows you to choose how far you want to extend your table.

Baltik

Un basamento in metallo che può essere abbinato a diverse matericità e forme di piani. All'occorrenza, Baltik si estende ma quando è chiuso le allunghe non si vedono. Per chi desidera stupire gli ospiti, e anche un po' sé stesso, con un arredo unico.

A metal base that can be paired with tops in various textures and shapes. Baltik can be extended when necessary but its leaves are invisible when shut. For those who want a unique piece of furniture that surprises their guests as well as themselves.

Tiffany

Il tavolo si distingue per le quattro gambe a sezione ellittica conificate alle due estremità, che si incrociano tra loro e insieme fanno da base a differenti tipi di piano. Tiffany è l'ideale per chi ricerca un arredo originale ma discreto allo stesso tempo.

This table stands out for its four legs with their elliptic cross-sections and cone-shaped ends which cross over each other and can support different types of tops. Tiffany is the ideal choice for those looking for an original yet discreet table.

Roulette

Un gioco di geometrie e intrecci dà forma a un basamento dinamico, che sta bene con qualsiasi finitura di piano. Roulette è il tavolo giusto per chi ama rischiare con un arredo non convenzionale e scommettere che attirerà gli sguardi degli ospiti.

A combination of geometric shapes and intertwined parts creates a dynamic base that looks good with any type of top. Roulette is the right table for those who like to take risks with unconventional furniture and can bet on attracting the attention of their guests.

Resort

Essenziale al punto giusto, personalizzabile quanto basta e pratico sempre: Resort è il tavolo che richiama attorno a sé le persone con i loro racconti di vita quotidiana.
Per chi ama la convivialità, le famiglie numerose e le cene con gli amici.

Minimalist and customisable to the right degree, it is always practical: Resort is the table that gathers people around it to tell stories about everyday life.
For those who love conviviality, large families and dining with friends.

Tao

Versatile: è questo l'aggettivo che descrive al meglio Tao. Un tavolo che si adatta a spazi grandi ma anche piccoli, a gusti minimali ma anche raffinati, a stili di vita conviviali ma anche riservati. Per chi sogna un arredo in grado di rispondere a più esigenze.

Versatile: this is the adjective that best describes Tao. It's a table capable of adapting to small and large spaces alike as well as to minimalist yet refined tastes and convivial - or even reserved - lifestyles. Designed for all those looking for a table that can meet a variety of requirements.
