SUMMARY

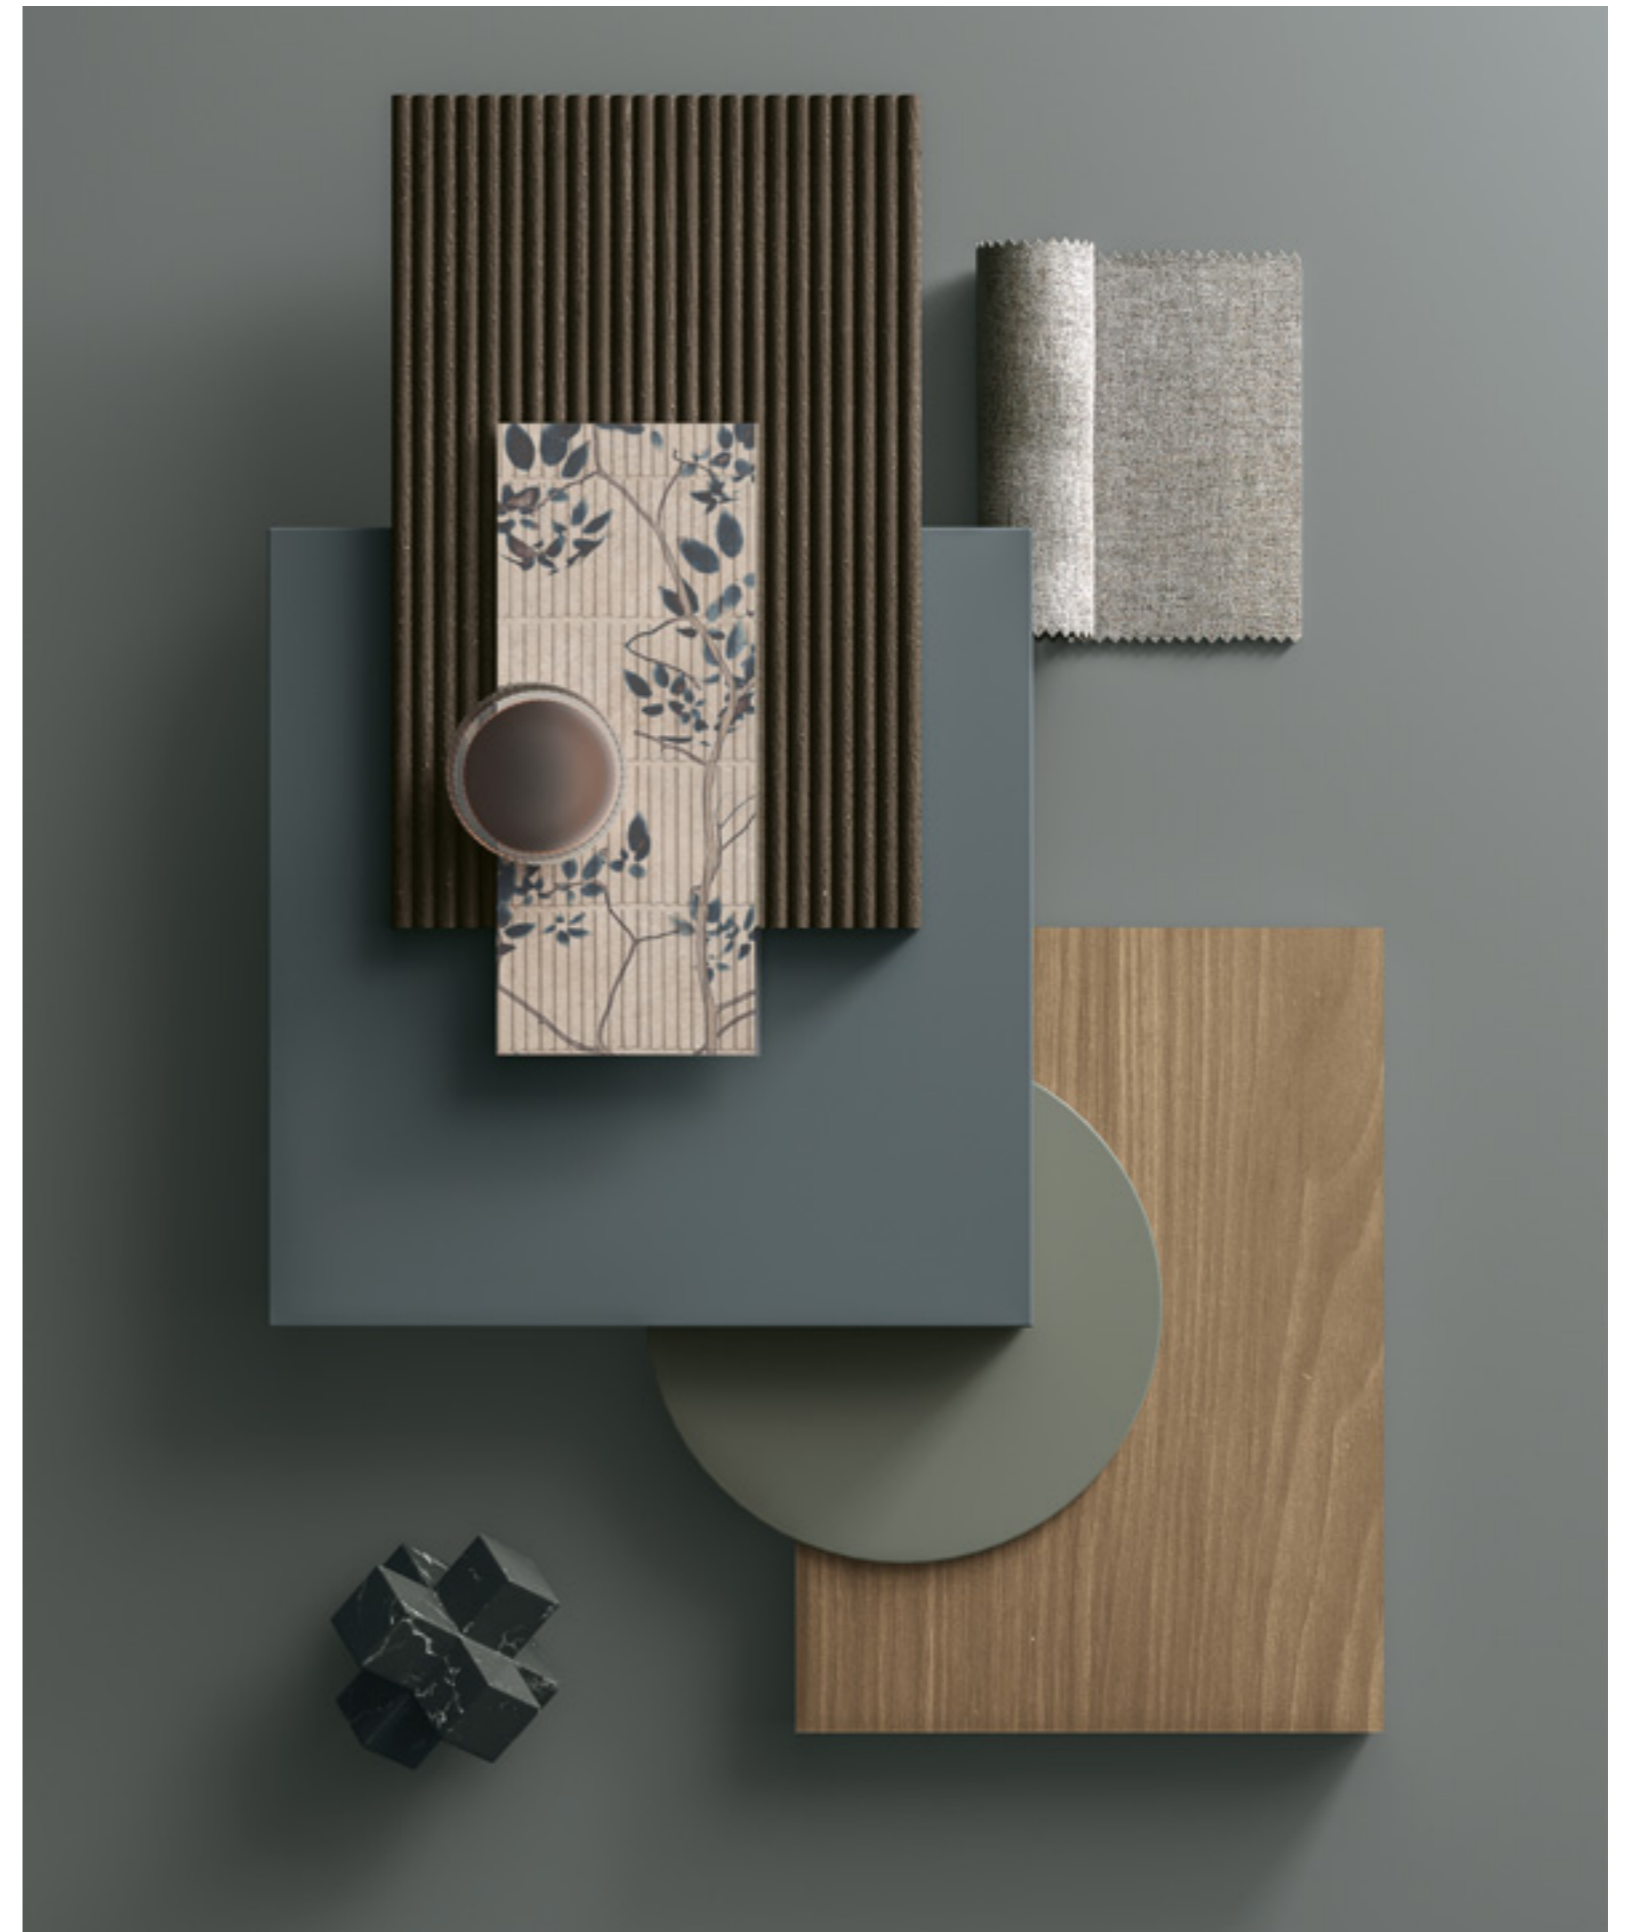

CONTENITORI E LETTI

BEDROOM FURNITURE AND BED

Nuovi design caratterizzano la zona notte: dalle forme morbide a quelle lineari, dalle superfici lisce agli inserti, gli arredi abbracciano diversi stili e modi di interpretare l'ambiente più intimo della casa.

Una lavorazione rigata impreziosisce le finiture e si inserisce tra i colori per creare effetti decorativi originali.

Your bedroom can now benefit from new designs ranging from soft to linear lines and from plain to decorated surfaces, for furniture that embraces various styles and ways of interpreting the most intimate space of the home. A ribbed finish embellishes surfaces and fits in between colours to create original decorative effects.

BLISS

Il letto Bliss in materico rovere moka condivide il nome, la finitura e la lavorazione tridimensionale caratterizzata da un effetto canettè con il gruppo abbinato. La testiera è ammorbidita da un pannello imbottito che, oltre a valorizzare l'estetica con diversi tessuti e colori, è estremamente confortevole per rilassarsi.

The textured mocha oak Bliss bed shares the name, finish and 3D reeded surface in wood of the furniture it is paired with. The headboard is softened by an upholstered panel which – as well as enhancing its looks thanks to its many fabrics and colours – is extremely comfortable to lean on.

Il comò in materico rovere moka è caratterizzato da un inserto realizzato in legno effetto canettè: disegna la posizione della presa maniglia e, allo stesso tempo, crea una diversa sensazione visiva e tattile.

Nella versione rovere carbone, il letto Bliss mantiene il suo design raffinato e il suo stile confortevole. La lavorazione effetto canettè, che si fa notare ai lati della testiera, è un effetto decorativo di grande tendenza che da una nuova interpretazione al legno.

The coal oak version of the Bliss bed preserves its refined design and cosy style. The reeded effect surface - that gets itself noticed on either side of the headboard - creates a very trendy decorative effect while interpreting wood in a new way.

Nei settimanali in laccato opaco marna 180, risalta l'inserto in legno rovere carbone con effetto canettè. Non solo una scelta progettuale per inserire la maniglia, bensì un gioco di contrasti materici e cromatici che contraddistinguono l'estetica dell'arredo.

The coal oak wood insert with its reeded effect stands out on the tall boys in matt Marna 180 lacquer. More than just a design choice devised to insert a handle, it creates a play of contrasting textures and colours that distinguish the aesthetics of this furniture.

COOPER

Gli angoli arrotondati del letto Dorian sono in perfetta sintonia con il design curvato del gruppo Cooper. La finitura rovere moka, che caratterizza il comodino e anche il letto, infonde a tutto l'ambiente un senso di calore e comfort, amplificato dalla testiera e dal giroletto imbottiti. Il buon riposo è garantito.

The rounded edges of the Dorian bed go perfectly with the curved design of the Cooper bedroom furniture. The mocha oak finish featured on the bedside table and bed gives the whole room a feeling of warmth and comfort which is enhanced by the upholstered headboard and bed frame. A good night's rest is guaranteed.

Il comò in laccato opaco bromo 176 diventa un arredo a sé stante all'interno della camera da letto, anche se mantiene lo stesso design del gruppo. Cambiare matericità e colore interrompe l'effetto coordinato ma aggiunge un tocco originale e personale alla notte.

Although it shares the design of the rest of the furniture, the matt bromine 176 chest-of-drawers can stand alone in its own right. The coordinated effect is interrupted by changing its texture and colour, resulting in a night with an original and personal touch.

Letto Dalia in tessuto, comodini in laccato opaco marna 180 e settimanali in materico noce ambrata: l'abbinamento di diversi colori e materiali dà forma a una camera da letto moderna. Le tonalità rilassanti e il calore delle venature invitano e accolgono il sonno.

Fabric upholstered Dalia bed, matt Marna 180 lacquered bedside tables and tall boys in textured amber walnut: combining different colours and materials makes for a modern bedroom. Relaxing shades and warm veins are conducive to a good night's sleep.

THEO

Il gruppo Theo apre il suo design lineare ad altre forme di contenimento: il vano a giorno diventa un porta riviste nel comodino, un porta oggetti nel comò e una libreria nei settimanali. Abbinato al letto imbottito, il gruppo arreda una camera da letto confortevole nell'aspetto e molto pratica nella funzionalità.

The Theo bedroom furniture opens up its linear design to other types of storage: in the bedside table the open compartment becomes a magazine holder, in the chest-of-drawers it's a holdall and in the tall boys a bookshelf. Paired with an upholstered bed, this furniture creates a very practical and functional bedroom with a comfortable look.
